

The Apaches Nearing Us.
 The Apache Indians are becoming more and more impudent by each successful attack they make. By a letter received here from Chas. H. Kenyon, Superintendent of the Tucson Mail Stage line, dated the 20th inst., we learn that on the night previous, in the cañon between Oatman Flat and Kenyon Station, a distance of about eighty miles from this city, while traveling with Wm. Fenton, in a buckboard, shots were fired at them by Indians, but fortunately with no serious result. One of the balls was found in a roll of blankets. Mr. Kenyon also reports the fact that Indians had been seen sneaking around Oatman Flat for several days prior to this date, and gives as his opinion that the Indians are going to be very troublesome on that route.

I hereby announce myself as a candidate for the office of SHERIFF of the County of Yuma, at the approaching November election.
 E. LINDSEY.
 For Sheriff.

We are hereby authorized to announce the name of GILES MERRILL as a candidate for the office of Sheriff of Yuma County, at the approaching November election.

LOCAL MATTERS.

Our Representatives.

There seems to be no interest taken by the people as to who will represent our county in the next session of the Legislature. This is a matter that should be looked to. Our laws need pruning and weeding out. As they stand they are almost a bundle of inconsistencies. We hope there may be selected for election men of experience and ability, who, when they take their seats as legislators, will know something besides drawing their dollars per diem. We have such men among us. Let us use them.

Who is to blame?—We have it from good authority that the bondsmen of our late Sheriff—Jas. F. Dunn—have been willing and ready to pay the amount of his deficiency; and have, at different times, sent word to the Board of Supervisors that the money was ready to be paid over. The matter was entrusted to the District Attorney, yet it stands just as it was a year ago. Something should be done. Who's to do it?

Abe Frank ought to advertise. Any man so active in business, so prompt in all his dealings (and they are extensive), so generous of heart, so universally respected, should not in the haste of business forget the printer.

Charley Jones is still blazing away at his old stand. Has the best corral in the county, and forage for everybody. Don't go to see him unless you want to buy hay, mesquite beans, or—something else. He has 'n all.

THE AMOUNT.—As per records on file, Dr. Alfred A. Mix, the absconding Public Administrator, is defaulter in the sum of \$2,961.97. The estate of M. D. Robbins, alone, comes in for \$1,943.27 as its share.

FOR SHERIFF.—We learn that Geo. Tyng, the present incumbent, is in the field for Sheriff. From all we can ascertain, that office has been well represented, and the manner in which the county moneys have been collected and turned over since his appointment to that office, we say "the right man in the right place."

FOR RECORDER.—Jas S. Spann, we understand, is again in the field for County Recorder. Mr. Spann is the present incumbent, and from the manner in which he has managed that office, we would advise the voters to keep him in that place.

AT IT AGAIN.—Our friend Geo. Knight, the American Bakery man, who, for the past month or two has been laying on his ears, has just completed his new bakery on Gila street, between First and Second, where he is turning out bread, pies, cakes, etc., in fine style. Ye bread eaters, take note.

REMOVED.—Our old friend Matthias Rechemacher, that good old soul, as will be seen by his advertisement in another column, has removed to his new, large, beautiful saloon on Gila street. Mat. has the best beer and the prettiest place in town. Go and see it.

TEAM DEPARTURES.—During the present week, W. B. Apple, with a train of four teams, loaded with government stores, left for Fort Bowie; C. A. Shibell, with five teams, loaded with government stores, left for Camp Grant. David Neahr, this week, shipped 142,000 pounds of government stores by the following trains: Tully & Ochoa, fourteen teams, for Apache and Bowie; Jacobs, eight teams, and Bessing two, for Grant.

Our friend Estevan Ochoa, of the firm of Tully, Ochoa & Co., Tucson, after a stay among us of about two weeks, left for home by last Thursday's stage.

Col. J. G. Lee.

We regret to announce that this excellent officer and gentleman is soon to leave us. Capt. Rockwood will relieve the Colonel, and is expected to arrive today. During the eighteen months that Col. Lee has been in charge of the Quartermaster's Department at this Depot, he has rendered entire and complete satisfaction, and has won the confidence and esteem of the whole community. He goes to other fields of duty in the East, but he will carry with him the kindly wishes and hearty good will of all our people. A gallant soldier, an honest and efficient officer, a good husband, a kind father, an obliging neighbor, are the distinguishing features of his character, and we take pleasure in bearing witness to the fact. May his shadow never grow less.

GONE TO EUROPE.—Our friend Julius Seibeck, one of the best mineralogist ever in this country, left this city last Sunday morning for San Francisco, from whence he will sail for Germany. His first destination after leaving this coast is Blinnberg, by way of Hamburg; from thence to Berlin, Freiberg, and Elsteben—his home—where Mrs. Seibeck awaits him on a sick bed. He anticipates returning about next June.

The San Diego Union has been told by Dr. A. A. Mix, ex-Public Administrator, what he knows about Indian affairs in Arizona, but it does not appear that he imparted what information he had concerning the financial condition of his office as he left it. Interview him on this subject, brother Gunn, when you next meet the eniable runaway.

PROBATE COURT.—We shall shortly have our jolly old friend Bidwell with us in a judicial capacity. The Probate Court, over which he presides so ably, convenes on the 7th of next month. There is much business of importance to be transacted, and the session promises to be an interesting one. Things are "Mix-ed."

CITY ASSESSMENT.—Deputy City Assessor Spann has just completed his assessment roll. The total valuation of improvements and personal property is put down at \$213,907. The taxation on which is 1 per cent. The Board of City Trustees will set as a Board of Equalization at their next session.

FOR PORT ISABEL.—The Coppah, Mellon, left this port last Sunday at daylight. She is due here to-day, with passengers and light freight from steamer New-Lorn.

The professional card of Dr. F. H. Goodwin, late of Tucson, will be found in another column. The doctor comes well recommended.

BERGANY.—On the night of Saturday, the 21st, some sneaking thief entered the room of our old friend Judge J. Mabbett, and got away with his watch and chain. The watch is a gold hunting case, of Howard's make; engraved on cap: "Presented by Hager, Whiting & Co. to J. Mabbett, Aug 22, 1871." The Judge will give \$75 for its return, and ask no question.
